## TIKTALK PUBLISHER TUTORIAL- Walkthrough of the App

TikTok Publisher is a cloud-based application that enables users to schedule posts and publish it on TikTok and Instagram.

The screenshot shows the 'SCHEDULER' view of the app. At the top, there's a navigation bar with the app logo, 'SCHEDULER', 'VIEW SCHEDULE', and a user profile 'Ramanand'. Below this is a calendar for May 2020 with tabs for 'Daily', 'Weekly', and 'Monthly'. The 14th of May is highlighted. To the right, there are two circular counters: 'Published Posts' with the number 2 and 'Scheduled Posts' with the number 5. Below these are tabs for 'All Videos' and 'Scheduled Videos'. A large dashed box contains the text 'Browse files from your computer' and a file upload icon. At the bottom of the sidebar, there are two small video thumbnails.

You can upload your own videos, choose the date and time you prefer it to be published either to TikTok or Instagram. It enables you to publish your videos to these two platforms without worrying to remember anything, just schedule the contents and forget, rest this app will let you know when it's time to publish. And you just have to allow the app to post content on a single click.

The screenshot shows the 'Schedule Details' section of the app. It features a table with the following columns: Thumbnail, Name, Caption, Tag, Type, Schedule, Timezone, Status, and Action. The table contains five rows of scheduled posts.
