TIKTALK PUBLISHER TUTORIAL- How to Schedule a Post through Mobile App

You can schedule a post with TikTalk Publisher using your smartphone. All you have to do is download the app through the QR code found on the TikTalk Publisher desktop site or through the Appstore/Playstore.

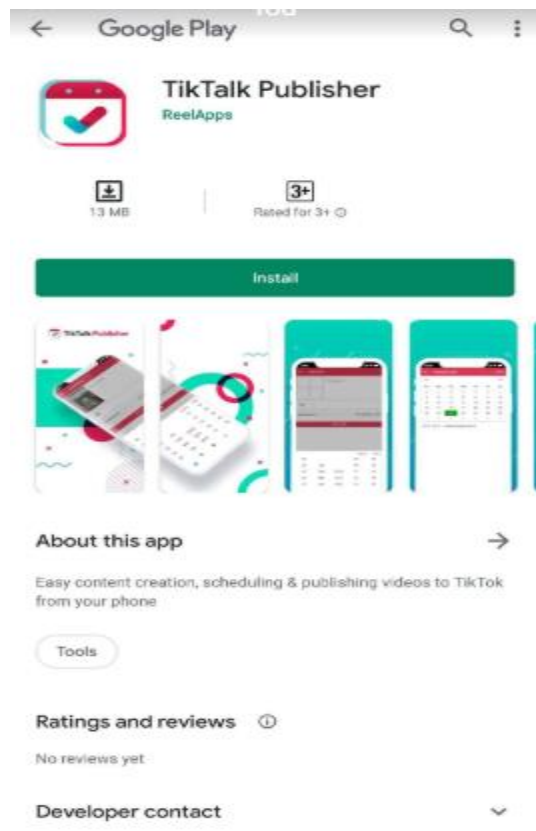

Please note that you should have an active account with TikTok or Instagram so you can successfully schedule your posts.

Or else you can get the app on below links for Google Play Store & Apple App Store Respectively –

<https://play.google.com/store/apps/details?id=io.vega6.tiktalkpublisher>

<https://apps.apple.com/is/app/tiktalk-publisher/id1500449684>

Open the mobile app then login using your TikTalk Publisher login credentials.
