

VIDEOTIK TUTORIAL- How to Add a Client Account

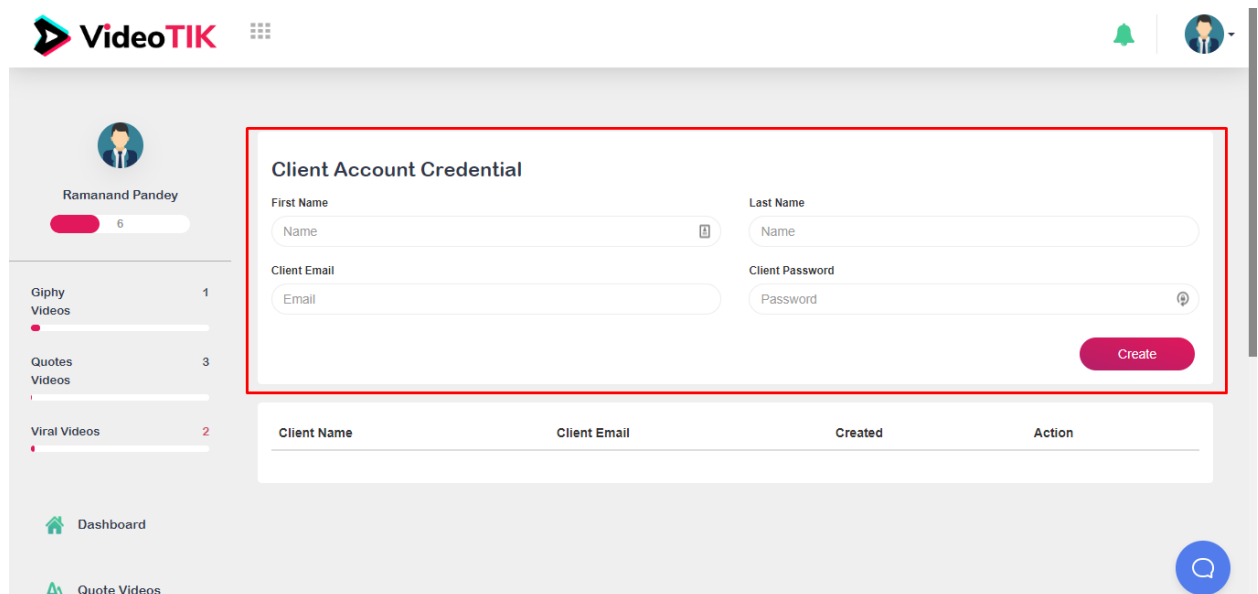

Client account is basically a co-access account but with limited access to your VideoTik account. This will give your clients access to your account for them to log in on your behalf and see the various stuffs you are working on.

Follow these simple steps below:

1. On the dashboard, go to User menu dropdown on the upper right side then click on Client Account.

2. Fill out the necessary information for you client then click Create.

3. Once done, there will be a pop-up on the lower right side saying “User added successfully”. You can see the added user account on the table below the Client Account Credential and just click on the X button if you wish to delete it. And there is option to assign campaigns to your client. You can decide and assign the specific campaigns to any of your clients.

The screenshot shows the VideoTIK dashboard interface. On the left, there is a sidebar with the user profile 'Ramanand Pandey' and a progress bar showing '6' items. Below the profile, there are three categories: 'Giphy Videos' (1), 'Quotes Videos' (3), and 'Viral Videos' (2). The main content area is titled 'Client Account Credential' and contains a form with the following fields:

- First Name: Name
- Last Name: Name
- Client Email: Email
- Client Password: Password

A 'Create' button is located at the bottom right of the form. Below the form is a table with the following data:

Client Name	Client Email	Created	Action
Diane Kayle	diane.pabalate@gmail.com	2020-05-18 23:42:42	

At the bottom right of the dashboard, there is a green success message: 'Success : User added successfully'.
